

UNILATERAL DUALITY (LARUELLE)

THE REAL
is unilateral in itself;
has DLI over the duality.

determination-in-the-last-instance (DLI)

THE DUALITY
(non-philosophy)

This is an identity but *not* a synthesis or unity. (i.e. it is merely a “clone”).

These do not represent two sides, for the One can never be a side.

The dual is “along side” or “according to” the One.
